

## Draw Us Closer

Draw us closer, draw us closer  
To your love, to your love  
(repeat)

I wanna get deep in You,  
lost in You,  
You in me cuz my cost to You  
Is your love at the crucifixion, completion of your mission  
You more than cried for me,  
you died for me,  
a future bride to be,  
you turned the tide for me  
With your love and amazing power,  
you're with me like every hour  
It's funny, how one day I could be walking in the Spirit like a Sunday  
and the next, I'm a wreck  
going off the rails  
all because of one text  
I need your steel in my spine and I have your divine mind  
not wild thoughts,  
to be double minded  
MY YES IS MY YES  
and MY NO IS MY NO  
get down, this sound  
is spreading all over town  
in the Name of the only King,  
who truly wears a crown.  
Your love (echo)your love

Draw us closer, draw us closer  
to your love, to your love  
(repeat)

Step into the faith that I called you to, built on the foundation that  
I can do  
Anything that I want to, and it's you I choose to use  
Cuz I'm Creator and the Savior that's bringing Life to the valley of  
the bones that are so dry  
Two Kingdoms they shall unite, by my Spirit they won't divide  
Oh Lord I'm lacking of the words to say of the power and mercy of  
amazing grace

So won't You draw me in, cuz You washed away my sin, won't you

Ooooooh      ooooooh, I wanna, I wanna, I wanna...

I wanna be tight with you  
right with you  
and everywhere I go  
to shine the light with you.  
In your love which is amazing, with my life  
it's you that I'm praising  
My mind, divine,  
the reason for the rhyme-  
Intimacy, yo it happens all the time.  
In your love,  
with no strings attached.  
So flo Vito  
with a love unmatched

Step into the faith that I called you to, my salvation's the  
foundation and its you I choose  
To be my messenger, so proclaim it to all the earth  
Oh Lord I'm lacking of the words to say of the power and the mercy of  
amazing grace  
So won't You draw us in, CUZ YOU WASHED AWAY OUR SIN.
