

Losing My Breath

I'm losing breath, I'm losing breath, let the light of your face shine
on us

For the sight of You is taking my all
(repeat)

Taking all my breath away
You're taking all my breath away

I'm losing my breath I'm in over my head, no matter where I go You
meet me there
It's like Heaven when your Presence is unleashed
(repeat)

Heaven on me released,
your wonders they never cease
No famine all divine the feast as my peace is then increased
Your goodness, it has the drive to keep me on my knees alive
from survival to revival on fire as now I thrive
my race is laced with grace, I've no place to say that my face
Is deserving, humble is the taste, may I be serving at a Holy pace
Your word has all instruction, but only can fully function
As glue for all construction, with a Holy Spirit unction

You showed your love through the Son
You kept no records of wrong
(repeat)

You're my God and my King, you're the Lord who I sing to

You're beyond all time
You called me from then washed away all my sin
At the foot of your throne I'm in awe
Yes I'm in awe of You, yes I'm in awe

Money, power, and glory. It's not a part of my story

So do what you got to write on my heart, go 'head and do what You do

now, do what you do

Do what You do now, give me only You now. I got my head up, my hands
are ready to plow

So come on, come on, come on Lord now won't You take me where You
please

Free, Shekinah on us be loosed, release your Heavenly juice
The great I AM, the boost, we worship in Spirit and Truth
Your kindness has the touch, Pour- could never have too much
Keeps my mind straight divine, not wondering and such
My life is filled with light, blessed with divine rights
Purity in plights, my heart is set apart and bright
Your word has all instruction, but only can fully function
As the glue for all construction with the Holy Spirit unction

Get that in your head,
And let it rest in your heart
There is nothing high, there is nothing low
There is nothing on this earth that can ever tear us apart from the
Father

The earth trembled and quaked as the foundations shake
They tremble because He was angry
Smoke rose from His nostrils burning coals blazing out of
Consuming fire comes from His mouth

He parted the heavens and came down with dark clouds all arou
He mounted the cherubim and flew, soaring on the wings of the wind
The Lord thundered from Heaven the Most High resounded
He shot his arrows scattering enemie
With great bolts of his lightning he routed and frightened

The valleys of the sea were exposed
Foundations of the earth were laid bare at your rebuke, oh Lord

Foundations of the earth were laid bare at the blast of your breath
