

## Officer

Holy Spirit give the command (3x)  
Dunamis, obedient right down to a man

Oh Lord won't you give me a command, under your authority I stand behind your plan  
Cuz when you say, "Go," when you say, "Come," when you say, "Do this," a soldier trained under your love, Under your lo-o-o-o-ove  
I want to be like the officer, I want to be like the officer  
So won't You say the Word, won't You say the Word  
I want to be like the officer, I want to be like the officer  
Oh yeah

I wanna be like the officer, take a command  
Walk the walk, talk the talk, take stands  
He's the vine, we've His mind, we branch  
Halt and assume the stance  
I'm a open my mouth and the let the words roll out  
I'm a trust the Holy Spirit to erase all doubt  
His orders carried out, per what He sees  
If we have no faith then it's impossible to please  
We have the best Father all we gotta do is ask  
Believe and receive all we need to do the task  
Give me faith, make me strong like David  
Bring a lost soul, thru me--He'll save it  
Give me your heart to make love a verb  
I wanna be like the officer— say that word

Make my attitude the same as Jesus Christ, who in God's nature came as human laid it down  
He was humble, he was a servant, in human likeness-death undeserving. Trained under your love  
Under your lo-o-o-o-ove

I want to be like the officer, I want to be like the officer  
So won't You say the Word, won't You say the Word  
I want to be like the officer, I want to be like the officer

I wanna be like the centurion, never hurryin'  
You say the word- it sends enemies scurryin'  
All the time, you're the rhyme, we the body  
You're the answer to the riddle in the middle of a wadi  
I totally surrender and let your will play out  
Whatever that you render I will trust, not doubt  
I will only go where I see you going

I will only flow where I see you flowing  
We have the winning team all we gotta do is call  
Call upon the one who got it done once and for all  
Give us faith, make us strong like Moses  
as we fully realize we're the prize, cuz you chose us  
Give us your heart to make love a verb  
I wanna be like the officer— say that word

Praise and glory to the Lamb, wisdom, thanks and honor  
Strength and power are yours my Lord, say amen yes to the Lamb  
Say amen, say amen, yes to the Lamb, say amen, say amen, yes to the Lamb  
Strength and power are yours my Lord, say amen yes to the Lamb

Holy Spirit give the command (3x), Dunamis, obedient right down to a man
