

## Sifting

It's for the Kingdom that you stretch me to grow, I feel my heart it pumps you're working on my soul

I'm looking up and down and left and to the right, as I take it on the head I won't give up the fight no

Noooo, noooo, noooooooo

I'll give you what I got, I'll give you what you want

I'll give you all my heart You ask for nothing more

I'll give you what I got, I'll give you

what you want

I'll give you all my heart You ask for nothing more My Lord, ooh

oohoo oooooooh

As Satan is sifting, aaahh, I will embrace the melody that You are bringing  
(repeat)

It's your peace, your peace

It's your presence that I continually seek on you I keep my focus seven days in the week

You are the source of my strength cuz you're depositing joy

DEEP LIKE A RIVER

Deliver it's true you work everything out for the good and the proof

Is you in me and me in you

On the nights that I can't sleep, all because of the stress

I be tossing and I be turning you put your hand on my chest

What is written in Word, I have seen, I have heard

There is nothing like your power when your love is verb

Deliver, it's true you

Work everything out for the good and the proof

Is you in me and me in you

I'll give you what I got, I'll give you what you want

I'll give you all my heart You ask for nothing more

I'll give you what I got, I'll give you

what you want

I'll give you all my heart You ask for nothing more My Lord, ooh

oohoo oooooooh

As Satan is sifting, aaahh, I will embrace the melody that You are  
bringing  
(repeat)

It's your peace, your peace

You offer me every spiritual blessing so now I'm  
Running to You cuz there, there's no excuse  
(repeat)

For my attitude of praise and gratitude  
So I'm lifting on up these hands that've been uncuffed  
To the freedom of the blessings from the Spirit be released  
That are flowing from the Father to the Son unto me  
Holy Spirit let your power and your glory remain  
Exploding in the atmosphere, not a thing can contain

Enemy

Full blown attack

Straight fact,

yo, my armor be stacked

He fights a losing battle

Chump sifting and all that

This is how we daily equip

Raddest of rad news--this

Peace on my feet

Good news ya can't miss

Breastplate

Of Righteousness

Demons creep up

And they all get dissed

Put it on, put in on

When the enemy sifts put on the armor of God

Belt strapped

Truth like that--snap

Bought Wisdom and Truth

and I ain't sellin' 'em back

My Shield of Faith

Stops game

Satanic arrows of

Dark flame  
With no stallin'  
My chips all in  
The name above all other names  
Put it on, put in on  
When the enemy sifts put on the armor of God  
Salvation  
Helmet here  
We've the mind of Christ  
All of Heaven cheers  
Mind protected  
Connected endears  
His perfect love  
that kicks out all fear  
We have His Word in our deepest parts  
That discerns the intent  
and the thoughts of the heart  
Slices soul from spirit  
And marrow from all joints  
2-edged Sword  
Straight sharp and on point  
We rock it like that  
from the Lord of Lords  
It's all Spirit  
and it's all Sword  
Put it on, put in on  
When the enemy sifts  
put on the armor of God (4xs)
