

You Make Perfect

Won't you come and worship Him
My Lord-
Welcome
Welcome Jesus Christ the true King
(repeat)

When I practice, oh You make perfect
Nothing that's easy ever worth it
You call me to step, I'll never regret when You
Move, move, move me on, I never regret when You
Move, move, move me on, I never regret when You
Move, oh no, I never regret when You move

So take the lead Lord, I'll follow You, yes, You forever
I think I know what's best but I have learned that You know better
I'll wrap around my waist the belt of truth, I'll buckle tight
I got my helmet on, my breastplate's strapped, ready for this fight
Jesus prepare my feet to take the Gospel where they can hear
You are my shield of faith to quench the arrows, I shall not fear
Holy Spirit won't you lift me up, you're always bringin' me enough
So put your Sword in my right hand, just tell me where I should thrust
For the battle is beyond what I see (hey, hey!)
I'll fix my eyes upon what I cannot see

Pray, listen, obey, repeat, We be the march, Holy Spirit be the beat
One step, two step, three step, forward, victory lies ahead where we
march toward
Enemy see us, enemy flees us, Bam, they scam from the power Jesus
Who's gonna fix ya?
Found in the scripture,
Word of God perfectly paints a picture!

If you would've saw me drop the ball
Bro, we're redeemed from the curse of the Law
All I got a lot of is a lot of me,
Bro we're redeemed from the curse of all poverty
I got, I got, I got (repeat)
I've got 36 types of distress
Bro we're redeemed from all sickness

But I've got the darkest sin under my breath
We are redeemed from a spiritual death

When I practice, You make perfect (4x)

When I practice You make perfect
I never regret when You move me, so move me on (move me on)
Practice, repetition makes perfect
Move me on to the break of, break of dawn (4x)

Repeatedly
In community repeatedly
Unified in harmony
All together in Jesus Christ authority-Perfect!
